

RS Series

Perfect quality rings manufactured with the inventor of ring sintering technology

RS 040

RS 100 / RS 200

(image shows RS 200 with two stations)

General Specifications

- Max form diameter -outside-
- Max die diameter -inside-
- Max form height
- # work stations
- Max temperature (std. / HT option)
- Capacity in rings (approx)
- Main power

RS 040

RS 100

RS 200

45 mm	70 mm	70 mm
n/a	50 mm	50 mm
15 mm	15 mm	15 mm
1	1	2
1,000°C	1,000°C / 1,200°C	1,000°C / 1,200°C
6-18* pcs / hr	12-36* pcs / hr	24-72* pcs / hr
3.5 kW	13 kW	13 kW

Sintering features

- HT - high temperature
- optimized mokumegane die
- serial interface to PC
